

Parents and Guardians,

DAM

If your child participates in the school lunch program, please be aware that if your child is absent, in addition to calling the school attendance office that morning, you should also call the High School Cafeteria by 8:00 a.m. if your child has ordered lunch for that day.

In doing so, your child's lunch will be cancelled and you may take a credit for that day off the following months menu.

This avoids any food being wasted because the lunch was sent to the school and must be thrown away and therefore must be paid for by the parent and saves you the price of the lunch for that day.

Thank you for your cooperation.
