

North Arlington High School 7-Eleven Grant

On Thursday, November 19, 2015, representatives from 7-Eleven (11-35 River Road) issued North Arlington High School a grant award of \$711 as part of *Project A-Game*. Ms. Divinsky, 7-Eleven Business Consultant, said, “We are always looking for ways to support our local community and to establish a strong foundation for the next generation through programs such as *Project A-Game*. We look forward to providing support and to collaborate with the high school for upcoming events.” Dr. Yurchak, Principal, stated, “We are fortunate to have local businesses like 7-Eleven taking such an active role in the development of our children. We will make sure that this grant is put to good use and we look forward to working with them in the future.”

The purpose of *Project A-Game* is to support academics and athletics associated with local schools within the community. The generous grant award will benefit the futures of our students on- and off- the field of play.
