

North Arlington's Washington School Students "Adopts a Unit"

Washington Elementary School students participated in the "Adopt a Unit" program in coordination with UPS and Verizon. The students wrote letters and drew pictures wishing the soldiers Happy Holidays and thanking them for all they do! The letters and pictures will be enclosed in care packages that UPS and Verizon are sending to the soldiers of their "Adopted Units" during the holiday season. The activity was coordinated by second grade teacher Martine Verrier and Christine Kavlick of UPS.
