Passaic River Cleanup

North Arlington High School Volunteers Make a Difference

On Monday, May 23, 2016, students from North Arlington High School (NAHS) participated in a river cleanup project in conjunction with the Passaic Valley Sewerage Commission (PVSC). Fourteen students from science and career exploration classes worked collaboratively with Mr. Bob O'Neill of PVSC to collect trash and recyclables in three locations near the Passaic River Rowing Association boat house in Bergen County's Riverside Park. Due to everyone's efforts, more than 10 bags of waste were collected.
