

## Teacher of the Year for North Arlington Public Schools

On Saturday, April 16, 2016, the Knights of Columbus, Queen of Peace Council # 3428 hosted the 22nd Annual Shield Awards Dinner where Mrs. Karin Kusher was recognized as the Teacher of the Year for North Arlington Public Schools. Mrs. Kusher has been part of the Viking Community as a social studies teacher for over 20 years where she has regularly brought history to life! Whether she's reviewing recent political events or taking students on a trip back in time to the 1960s, students leave her classroom with meaningful historical perspectives. In addition to her academic contributions in the classroom, Mrs. Kusher is also the advisor of the National Honor Society (NHS). This past school year, the NHS has worked with several charitable organizations within the community that have strengthened the core values of her students, while helping others. Congratulations to Mrs. Kusher!
